## Troubleshooting

### Factory Reset

If you want to restore the headset to factory default settings, use the Factory Reset in the configuration menu. The headset automatically restores the default settings and turns off.

### Fault Reset

If the headset is not working properly for any reason, reset the headset by gently inserting a paperclip into the pinhole located next to the screw and lightly pressing the Fault Reset Button.

### Battery Charging

Please make sure to take off your headset while charging.
The headset automatically turns off during charging.
